FIELD-CLEMENT

Miss Ethel S. Clement of Rutland Married to W. H. Field of New York.

NO PROMISE TO "OBEY"

The Bride Would Not Consent to Use o the Word in the Wedding Ceremony -Short Reception Follows the Wedding-The Vermont State Fate Opened.

Rutland, Sept. 8.-The marriage of Miss Ethel Scovil Clement, daughter of Mr. and Mrs. P. W. Clement of this city, to William Henry Field of New York, took place at the bride's home, Brookside, this city, this afternoon at 2:45 o'clock. The ceremony was performed by the Rev. Dr. George W. Phillips, pastor of the Congregational Church, the bride having refused to be married by her own rector, the Rev. Joseph Reynolds, an Episcopalian clergy-

on the piazzas which were beautified by hydrangeas and rose-shaded gladioli. During the reception, which lasted about an will be at home at Wetherbee avenue,

of Barre; treasurer, Dr. C. E. Chandler of Montpeller; censors, C. A. Shaw of Northfield, M. F. McGuire of Montpeller; delegates to the annual meeting of the State Medical society, Dr. L. W. Burbank of Cabot, Dr. V. C. Goodrich of Barre.

HORSE RACING AT BARRE.

Four Hents Necessary to Decide the Winner in Two Events.

Barre, Sept. 6.-There were some good horse races at the Granite City Trotting Park yesterday afternoon when three tlasses were run off under the manage-ment of the Gentleman's Driving club. The summary of the races is as foi- starters,

TO TEST TREATING CLAUSE

H. C. Shurtleff Claims That the Present Law Does Not Provide for Trenting Outside a Licensed Saloon.

Montpelier, Sept. 6.-Supreme court will probably be called upon to decide a new question which arose under the license hw in Montpeller City Court yesterday. Patrick Tague, an old offender, was con-victed of intoxication and also of furnishing intoxicating liquor to one Dick favorable for out door sports and celenishing intoxicating liquor to one Dick Cilley by giving him two drinks of alcohol out of a bottle at the rear of the State House. Tague pleaded not guilty but was convicted on the evidence of W. T. Dewey, chairman of the Moutpelier board of license commissioners, John Hill, Janitor at the State House, and Sheriff Docherty.

H. C. Shurtleff, counsel for Tague, while the commissioners of the day in Montpelier was a pleasant success and compared most favorably with those of former years, notwithstanding that the time for preparation was exceedingly short.

The parade in the forencon was nearly a mile in length and the streets through which it passed resembled a circus day.

resulted as follows:

Clark made the lowest net score. The driving contest average of three holes driven in succession was won by F. A. Howland, ex-section was won by F. A. Howland, putting match with a score of eight

UNIONISTS WANT TO SETTLE. Rutland, Sept. 7.-F. R. Patch, president of the F. R. Patch Manufacturing company, in whose plant a strike has been on for a year and a half will meet a committee of three members of Protec-tion Lodge, No. 215. International Asso-ciation of Machinists, and the same numciation of Machinists, and the same number of members of the moulders' union to-morrow afternoon at five o'clock.

It is possible that the meeting may lead to the settlement of this long strike. This is the first move toward peace between employers and employes.

Mr. Patch said to-day that he had no idea what the men have to propose. He has no concessions of any kind to make. He says his plant is now running a full He says his plant is now running a full force of non-union men. The results are satisfactory. He believes the unions will

HEY, THERE! JUNK MAN!

I want to know how much you will give me for one of those separators that claim to be "just as good" as the

DE LAVAL CREAM SEPARATORS

I put in one of them last year because the agent claimed it was "just as good" as a DE LAVAL machine and was \$10.- cheaper. I have looked about and gotten some separator experience since then and I find now that I could have bought a DE LAVAL machine of greater actual capacity for less money in the first place, while I have lost money every day through the imperfect skimming of this machine, aside from hard running and trouble of all kinds from

infernally poor construction.

I am going to have a DE LAVAL machine now if I have to "junk" this old one for scrap-iron. I know it will save its cost the first year of use and should be good for twenty years. I find all well-informed dairy farmers are using DE LAVAL machines and that there are over 400,000 of them. A De Laval catalogue may save this experience.

reduced with water and sweetened it is pleasant to take.

There is no danger whatever from this disease when

tory to the city. As yet we have not received from the city any communication touching this matter, except a request to name a price for one year which could at the option of the city be extended to a period of five years. We have already evaluated the air. We have already explained the difficulty attending such a proposal; that 13 additional lights have been ordered during the present year, most of which have been temporarily supplied with old lamps we had on hand that burn but eight hours and which must be discarded as roon as the nights beome longer; that new lamps must be procured in order to su during the entire night: contract were to be extended beyond one year the dynamos now used in de-veloping the electricity and the lamps now in use must be discarded for new and more improved dynamos and lamps. er maintained and operated at great additional expense; that if a price were named by the company for one year with an option of five at the election of the city, the price for one year's service would be too great for five years; and on the other hand a fair price for five years would not be adequate for one year, if the city elected to discontinue the contract at the expiration of one year, owing to the exthe additional expense of maintenance We also explained that this might be taken care of if the city would bear

state to this company some basis for a continuation that would be satisfac-

these extra expenses.
This company will continue lighting the city for a reasonable time if the city for a reasonable time it de-city so desires; but in order to ob-viate all future complications, it would seem desirable to both parties that come understanding should be reached in respect to the service to be renits duration and the price

The present contract provides for ne removal within a specified time of il poles and apparatus used exclusively in lighting the streets, and i

An application for membership in the fire department was received from Henry S. Clark and it was voted that the commission be granted. A bill from the State laboratory of hy-giene for \$18 was referred to the water

ommissioners. The application for a license for the onstruction of the temporary postoffic was held up because the roof was shingled instead of having slate or some other non-combustible material. The following licenses were granted:

Thomas Reeves for veranda on house No. 55 South Union street; W. G. Sh estate for addition to house at corner Lafountain and North Bend stree George Saiger for moving store buildin on North street; E. G. Smith for addition to house on South Willard street; Free man Saltus for veranda on house at No for addition to house on South Unic street, Clarence Morgan for addition; louse on South Willard street; J. M. Clarke for porte-cochere on house of North avenue; Mrs. Margaret Thynne for repairs to house on College street; H. S.
